and source, at present is increased with sink that the passed like set ets.

THE READVETEN'S STRENGYM.

Democratic senstors say they wou's oppose the republicans changing the sensis officers next session; if the republicans would recleet (Ornham secure of the Vierfuis constors, but thereby. It was not native study of personal preference on the part of the Vierfuis constors, but thereby. It was not to their movement from the beginning, must be satisfied, and the moral effect o' his detest would be a very severe blow to the read uster party. The republicans could not affort to autagonize their chotce.

SERMONS LA ERIEF.

I proy the Luck my soul to keep
If I should dis before I wake
I pray the Lord my soul to take
I am not yet too did to pray after that is shion
nor shall I be not lunder the green green I may
toget absocuate thangs but I shall retained in the
property and they are the say that the property of the control thangs but I shall retained in the
property of the sanget me so long as I have any forget a thousand things but I shall retrember the prayer my mother trugics and so long at I have any memory at all.

Frudgery is a great enemy of domestic happiness. Could made this world on the principle of various was not been as the second of the second souls. The agents are a for the second of the second souls. The general are a for of that was number conventioned by the second of the second souls are a continued to the second of the second souls are a continued to the second of the second souls are a continued to the second of the second souls are activated as the second of the second souls are activated as a spiritual penticulary, and men who are guilty of not thinking for Thousand-twe are settlenced to perpetual imprisonment between the 1 de of a prayer book or in the dungeon of some exchanastical system. Good wants as to be independent and breath in our family crudes are conservative and diversity of accessory. Let a have a domestic place of the second souls exchange the second souls exchange when a young man and his bride shand before the nightest us seamen this survey of valued, each second to the other all that is noble graceful and it vely but when all months are gone by the young we have closed her planeforts and given up her music and if her husband asks but to play she says, with a tone of indifference hou know Groge, I am all out of practice. The strict of the down and of the down at the constant of he is a great bing. Many men and woman was at their pitter for he is great being the form as the second of the down as a feetful apprix.
